KENTUCKY REPUBLICAN PLATFORM.

Adopted at Louisville, Aug. 10th, 1897.

Resolved, by the Republican party in Con-
vention assembled—First—That we reaffirm the principles of the
Republican party as set forth in the platform
adopted by it at St. Louis in 1895.Second—That we endorse the Republican
National and State Administrations, and
especially commend the action of our present
state officials in their efforts to suppress mob
violence and to preserve the financial credit of
the state.Third—We commend the action of the repre-
sentatives of the Republican party in the
passage of a Tariff Bill which will raise revenue
sufficient to support the Government, prevent
the issue of interest-bearing bonds, protect
American labor and maintain the National
credit.Fourth—We are opposed to a system of Civil
Service that builds up an official class with
practically a life tenure in almost all branches
of the public service, and we demand that the
Civil Service Law be modified so as to limit the
terms of service to four years, with the privilege
of reappointment or promotion, subject
to such restrictions as will secure competent
officials and give to every section of the country
its proper proportion of them.Fifth—We heartily sympathize with the
struggling people of Cuba in their efforts to
secure liberty and independence.Sixth—That we recommend to the people the
adoption of the Constitutional amendment
submitted by the last Legislature, allowing all
cities and towns the privilege of regulating
under legislative supervision the method of
levying the taxes they impose on themselves
for city and town expenses.Seventh—We favor the passage of a law that
will protect the laborers of Kentucky from the
competition of convict labor, and, if necessary,
to accomplish said result, an amendment to
the Constitution permitting such legislation."The best way to get rid of a bad
law is to enforce it."—General Grant.Therefore THE LEDGER favors the
rigid enforcement of the Civil Service
Law.In 1850 there were but 78 miles of
railroad in this state. Today there are
over 3,067 miles. In 1860 the mileage
of road was 594 and by 1890 it had
risen to 2,942 miles. Since then the
mileage, it will be observed, has in-
creased but 125 miles. When it is
stated that the railways of Kentucky
paid last year into the State Treasury
\$199,796 02 in the shape of taxes, it
looks like it would be a good thing to
have some more of them. Yet there
are some people who don't want the
Black Diamond System built.

OUR WASHINGTON MAN.

THE LEDGER'S SPECIAL LETTER
FROM THE CAPITAL.

Special Correspondence Public Ledger.

WASHINGTON, September 10th, 1897.

With the month of September comes an
awakening in the political campaigns in
the various states and an increased interest
in prospective results.In Ohio, Iowa, Nebraska, Kentucky,
Maryland, New York, New Jersey, and
Massachusetts there are interesting elec-
tions, important in one way or another in
their relation to National politics. In Ohio
a Senator is to be elected by the Legislature
to be chosen; in Iowa there is to be chosen
a portion of the Legislature which will two
years hence elect a successor to Senator
Gear; in New Jersey a part of the Legisla-
ture which elects a successor to Senator
Smith is to be chosen; in New York the
political complexion of Greater New York
City for an indefinite term is to be deter-
mined; in Maryland a Legislature which is
to select a successor to Senator Gorman
will be elected, while in Nebraska and
Kentucky the currency issue has drawn
the line sharply between the flat heresy
and the Sound Money men of whatever
former party.Naturally, information from all these
states drifts to Washington. Members of
Congress and politicians come and go, and
from them is had the best information on
the situation as to their own states, and a
consensus of the general situation may
thus be formed.That the outlook for Republican success
is good everywhere goes without saying.
That there is still danger to the party,
however, in every state, is equally true.Danger in every state? Yes. Danger in
Ohio, in rock-ribbed Iowa, in prosperity-
blessed Nebraska, in Kentucky, Mary-
land, New York—everywhere.Why? Because there is too much con-
fidence. Because the Republicans are
throwing up their hands and saying, "We've
got it all our own way this time, boys." Because
there is danger that the belief
that the farmers and the workmen are
employed and happy is going to lead too
many Republicans to neglect their duty.
That the drift is all in the direction of Re-
publicanism is true. That the people see
that Bryan and his silver party made a de-
liberate effort to deceive them last year is
undoubtedly the fact. But the Democrats
are not asleep—they are active, vigilant,
and they are conducting a still hunt for
votes that will surprise the Republican
leaders unless they are awake and plan to
arouse every man and get him enthusiastically
into the fight. The tide is all run-
ning in the right direction, but this very
fact is liable to lead to neglect on the part
of some Republicans and to dissensions in
the party ranks elsewhere. And in this
there is danger.From Ohio comes word that the Demo-
crats are trying to run away from their
platform, made only two months ago.
This is not surprising, for silver has fallen
15 per cent. in value even in that short
time. On July 10th one ounce of silver
was worth in New York 60.6 cents.
Now it is worth only 52 cents, and still
falling.No wonder that they are ashamed of
their platform and want to get away from
it when in two months after its enuncia-
tion the metal which it advocates as money
falls 15 per cent. in value. That the Re-
publicans of the state will not let them
get away from it goes without saying—if
they are wise. That they will sweep the
state now that they have the enemy on
the run also goes without saying—if they
are not too confident.MARYLAND.
The factional fights in the Republican
ranks being now over, there is good rea-
son to hope that the party will fall into
line, and with the aid of the Gold Demo-
crats and anti-Gorman men, win the fight
for the Legislature. It is now generally
conceded in Maryland that Gorman, say
whatever he will, would vote with the
silver men in the Senate. This being the
case, the Sound Money Democrats in the
state are inclined to again co-operate with
Republicans, as are also the strong ele-
ment which can only be described by the
term "anti-Gorman."NEW YORK.
While the fight in New York relates to
the Mayoralty, it is for a first Mayor of the
second largest city in the world, and to
determine whether or not Tammany shall
control Greater New York. And if that
splendidly managed political party does
get control of that great organization, it
greatly endangers Republican prospects
in the entire state indefinitely. So it is
probable that the Republican party in
New York City will decide to support Seth
Low, nominated by the "Citizens" orga-
nization. For, unless all those opposed to
Tammany and Free-silver combine on
one man, they cannot win. By refusing
to unite they give Greater New York,
and probably New York state, over to
the Tammany silver Democracy indefi-
nitely.

DIZZINESS

is only one of the danger signals that
nature uses to tell us that our kidneys
are not acting right, and that we are
in danger of Bright's Disease and
other kidney troubles. When the kid-
neys are not doing their duty the poi-
sons which should be filtered out of the
blood through the urine remains in the
system, and disease results. This con-
dition can be

Complete Their Lists.FRANKFORT, Ky., Sept. 11.—Both sides
have completed their lists of witnesses
in the Hunter-Haines bribery conspir-
acy cases. Hon. Jas. Andrew Scott, who
is the latest addition to the list of coun-
sel for Dr. Hunter, had subpoenas issued
Friday for Senator Henry Martin,
Assistant Commissioner of Agriculture
Moore, John R. Todd and several oth-
ers. The cases will not be called till
next Thursday, but all of the defend-
ants and a large number of prominent
men, including Senator Deboe and
others, will be here as early as Tues-

Crushed a Man's Skull.

HOPKINSVILLE, Ky., Sept. 11.—Wm.
Pace became involved in a quarrel with
several persons at work on a farm
south of this city Friday morning,
when he took offense at a remark made
by Albert Smith, a young farmer, and
seizing a heavy wagon standard, struck
Smith across the head with it, crush-
ing in his skull and inflicting other fa-
tal injuries. A warrant was sworn out
for Pace's arrest. Later in the day
when meeting the officers he opened
fire on them, and in the confusion es-
caped, but he was shot in several places
and is known to have received serious,
if not fatal injuries.Charged With Swindling Farmers.
JACKSON, Ky., Sept. 11.—Information
just received here is to the effect that
Z. L. Trudor, who, it is alleged, has for
a long time been swindling the farmers
of the mountain counties in the pur-
chase of ginseng and produce by giving
bogus checks, has at last been land-
ed in jail. He has been traveling
through the country operating, and
the authorities have been put to great
trouble in overtaking him. It is esti-
mated that he has issued bogus checks
to the amount of \$20,000.

A Promising Filly.

RICHMOND, Ky., Sept. 11.—Maggie
Igo, the wonderful yearling filly of R.
P. Fox, of this city, made a phenom-
enal trial of speed at the fair track
here Friday morning, trotting a half
mile in 1:16. Joan of Arc, B. Howard
Neale's promising filly, a few months
older than Maggie Igo, made the half
in 1:15:74. Maggie Igo is entered in the
Kentucky futurity at Lexington in 1898.

Maj. Clark Insane.

LEXINGTON, Ky., Sept. 11.—The in-
sanity of Maj. John S. Clark, which
caused him to be sent Thursday after-
noon to a sanitarium, will be learned
with regret by turfmen all over the
country. Not many years ago he was
one of the leading turfmen and breed-
ers of the country, and bred many good
racers on his Coldstream farm near
this city.

racing man and enthusiastic wheelman.Refused to Indict Crab.

jury Friday refused to indict W. L.
Crabb on charges preferred by the Ol-
dham bank.

SONS OF VETERANS.

The Parade Friday, Headed by the Govern-
or and His Staff.INDIANAPOLIS, Ind., Sept. 11.—Al-
though the selection of a commander-
in-chief does not occur till Saturday,
the Sons of Veterans spent much of
their time Friday in electing officers for
their favorite candidates for that of-
fice. The present commander-in-chief,
J. L. Lake, has announced himself out
of the race, and two other prospective
candidates, Neely, of Washington, and
Stillson, of Michigan, failed to ap-
pear at the encampment. Those who will
make the contest are Darling, of Bos-
ton; Patten, of Wisconsin; Dilley, of
Iowa, and Buckley, of Kentucky. The
Kentucky band, of Louisville, stood
outside the capitol Friday morning and
played Kentucky airs for Candidate
Buckley, and later it went to the top
of the soldiers' monument and played.
Darling's friends say the election of
their man is assured and he is being in-
troduced as the next commander-in-
chief.The next contest of importance is
for the place of the next convention.
Omaha speaks for it through Senator
Thurston, who is making a strong ef-
fort to pull the '98 convention to the
west. Senior Vice Commander Ken-
edy is working for the west, but
thinks the proper place for it to be
held is at Denver. The Ohio delegates
are taking up the virtues of Cincinnati
as an encampment city. Put-in-Bay
has a request in, and a few Ohio people
are supporting its claim.

RESOLUTIONS

Providing for Acceptance of the
Operators' PropositionDefeated, Because Miners From Other
States Think Their InterestsAre Not Sufficiently Protected—Substitute
Resolutions Recommended Resumptio at
65 Cents in Pennsylvania and Cor-
responding Rates in Other Districts.COLUMBUS, O., Sept. 11.—The nation-
al miners convention adjourned Friday
evening until Saturday morning when
the question of a settlement of the
strike will be definitely determined.
At the time of adjournment a substi-
tute resolution with the miners offi-
cials confidently believe will be adopted
was under discussion. Two previous
resolutions providing for an
acceptance of the Pittsburgh
operators' propositions were defeated
because the Illinois, Indiana and West
Virginia miners did not think their in-
terests were sufficiently protected.
The substitute resolution, it is claimed,
by the officials, gives the miners of
these states all the protection they
could reasonably ask since it provides
for a continuation of the strike where-
ever the operators refuse to grant the
advance to their miners. However,
the officials are finding it extremely
difficult to convince the delegates,
opposed to a settlement, that
they are in the wrong. Secretary
Lewis, of Ohio, has been the most ac-
tive leader of the opposition and threat-
ened Friday night, if the national offi-
cials forced matters to an issue, to
spring a sensation in the convention.
The national officials say, however,
that they have nothing to fear. The
substitute resolution to be voted upon
Saturday is as follows:Resolved, That we endorse the re-
commendation of the national execu-
tive board and that work be resumed
on the basis of 65 cents in Western
Pennsylvania with a corresponding ad-
vance in all the districts of the com-
petitive field, and be it furtherResolved, That when such advance is
refused the suspension be continued
and that an assessment of ten per cent.
of all money earned by the miners at
work be collected and used for the pur-
pose of maintaining the miners idle
until such time as the scale rates can
be obtained for them, and be it fur-
therResolved, That a circular appeal be
issued by the national executive board
to organized labor and to the public
generally asking them to assist us in
the caring for and the keeping of all
mine workers in the field who are idle
for the enforcement of scale rates, all
moneys and provisions to be sent to
Secretary Pearce and distributed pro
rata to miners on strike from the na-
tional office.
